mri  
REAL ESTATE SOFTWARE

# MRI Qube PM Integration

## All your repairs and maintenance in a system that works for you

### Connect data to work faster

Sync property data, job costs and invoices in real time and collaborate with team members across systems.

### Empower your residents

Let residents submit requests online with all the details you need at first instance.

### Keep every property compliant

Automatically instruct the right contractor for the right PPM job at the right time so nothing can slip through the cracks.

## Take control of your portfolio with instant updates and data automation.

**pbm**  
property  
management

*"With Fixflo Professional we've seen a tangible return on our investment. Our property managers are more productive and able to track the status of works, meaning they can handle issues on their own."*

Amelia Mardle, Head of Operations,  
PBM Property Management
